SLICK & SLIDE™ POLES

SPECIALTY POLES

INGENUITY & QUALITY

Manufacturing unique and practical poles has been our specialty since our inception. Our patent pending Slick & Slide™ poles solve the issue of friction between the rings and pole. Another fabulous introduction to market is our ability to bend our Con-Track™ Traverse poles for bay windows.

INTRODUCING: **SLICK & SLIDE™ POLES**

specialty hardware

Our By-Pass Rings glide past our Pass-Through brackets. To alleviate some of the friction when moving wide one way draw draperies we recommend specifying our Slick & Slide™ poles for use with our nifty By-Pass rings.

MPT 3" Clearance Pass-Through Bracket

Our 1/2" diameter poles are complete with our new french door brackets. These minimalistic brackets blend in perfectly with a gorgeous selection of finials and finishes to surely enlighten any room's beautiful decor.

return brackets

For a minimal look when finials are not an option, our return brackets are a perfect choice; available in several diameters and with or without scrolls. Customization and double projection return brackets are available upon request.

custom work

Always feel confident that we will have a solution for your most discriminating client or jobsite. Customization has been at the forefront of our company since inception.

Sometimes all it takes is a custom bracket to make your client's project a reality. Challenge us and you will see that we are up for the task. Some clients choose to focus on that special finial that will set the tone for the room. If we do not have that finial, we can custom manufacture a design or adapt your existing finial to fit our poles, guaranteed. Custom brackets are by far the most requested items.

Your reputation hinges upon a job done right. With that being said, the functionality of our drapery hardware is second to none. Have peace of mind that we can manufacture to your heart's content.

MADE FOR OUTDOORS

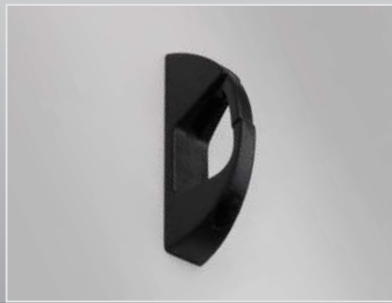

Finally, a ring that allows for your drapery to be taken down easily for cleaning or inclement weather. These patent pending rings are made of stainless steel to withstand the extremities. They are perfect for backyards, porch settings, cabanas, rotundas, pergolas, loggias, shower areas, spas, outdoor massage areas and all indoor applications.

We have been manufacturing drapery hardware that is guaranteed not to rust since we opened up shop in 1996. Our experience will make your job a success.

"WOW" THEM

Just as fine jewelry is a reflection of one's taste, the attention to detail of our samplings reflect the quality of the drapery hardware that we manufacture day in and day out.

Our Designer Jewels will help your clients see and feel the quality they deserve. Nothing helps to impress more than the actual product itself.

Sometimes a Finish Deck and a glance through our catalog are enough to convince your client to entrust in us. But to "Wow" your client bring along our beautiful binder or portfolio.
